

Madeline Thibodeau

Full Stack Web Developer

El Dorado Hills, California, USA, 95762

thimade@proton.me

Entry-level full-stack web developer with experience in customer service and management. Wrote schedules, assigned roles, conducted production forecasting, and tracked sales trends. Excels in problem-solving, pattern recognition, adaptability, and resource management.

Projects

Transparent Storefront

January 2024

Lead developer, freelance project

- Set up a NoSQL database to store product details.
- Created an organized REST API with Node.js and Express.
- Tested different endpoints locally with Postman.
- Wrote easy-to-understand documentation and hosted the API with Heroku.
- Made an interactive Angular frontend to display API data.
- Organized functions, styles, and documentation to make the app easy to understand and modify by users.

Recipe App

February 2024

Lead developer, CareerFoundry project

- Created a Django app with a SQLite database for storing recipes.
- Set up models for recipes and users.
- Created styled HTML templates to display recipes and their details.
- Used QuerySet to search for different recipes and ingredients and to return a list of recipes containing a searched ingredient.
- Utilized data visualization tools to show the popularity and usage of certain ingredients.

Professional Experience

Crew

August 2023 - Present

Chipotle, El Dorado Hills, CA

- Maintained order accuracy and throughput for 50+ customers daily, even during busy or understaffed hours.
- Communicated with 5-10 team members to ensure smooth operations and timely completion of tasks.
- Executed daily tasks such as restocking supplies, cleaning work areas, and ensuring equipment is properly maintained.

Bakery Manager

August 2022 - February 2023

Safeway, Cameron Park, CA

- Demonstrated exceptional project management skills, meeting and exceeding financial targets by effectively allocating resources and controlling costs.
- Maintained inventory levels and monitored quality control standards, resulting in a reduction of waste and improved product consistency.
- Employed advanced data analysis techniques within the VisionPro inventory system to monitor key bakery operations, optimizing resource allocation and controlling costs.
- Oversaw a team of 5-10 decorators, bakers, and packagers providing training, guidance, and feedback to ensure consistent quality and performance.
- Utilized continuous improvement methodologies to refine production workflows, resulting in increased productivity and cost savings.

Baker/Decorator

August 2021 - August 2022

Safeway, El Dorado Hills, CA

- Demonstrated expertise in producing a variety of baked goods with a focus on quality and consistency.
- Applied attention to detail and precision in following recipes to ensure all products met established standards for taste, appearance, and texture.
- Implemented precise bakery production forecasting methods, integrating sales data and seasonal trends to anticipate customer demand accurately.

Starbucks Barista

January 2021 - December 2021

Safeway, El Dorado Hills, CA

- Demonstrated exceptional customer service skills by greeting and assisting customers, taking accurate orders, and providing product recommendations.
- Maintained cleanliness and organization of the work area, including restocking supplies and cleaning equipment according to Starbucks and Eco standards.
- Collaborated with 1-3 team members to ensure efficient operations, such as brewing coffee, operating the espresso machine, and handling cash transactions.
- Upheld Starbucks policies and procedures, including following recipes, monitoring product quality, and upholding food safety standards to provide a positive customer experience.

Carhop

August 2020 - December 2020

Sonic Drive In, Hazel Green, AL

- Collaborated with 5-10 coworkers to ensure efficient order delivery, demonstrating teamwork and adaptability in a fast-paced environment.
- Handled cash transactions accurately and efficiently, including processing payments and returning correct change to customers.
- Provided exceptional customer service by promptly and accurately delivering food orders to vehicles in a fast-paced drive-in restaurant environment.
- Demonstrated strong multitasking skills by efficiently balancing multiple food orders and prioritizing tasks to meet customer needs in a timely manner.
- Adapted to changing demands and maintained composure under pressure, effectively managing workload and ensuring customer satisfaction.

Crew

October 2018 - May 2019

McDonald's, El Dorado Hills, CA

- Successfully handled multiple responsibilities simultaneously, balancing food preparation, serving, and customer interactions in a dynamic and fast-paced setting.
- Adapted quickly to changing demands and maintained composure under pressure, ensuring smooth operations and customer satisfaction during peak periods.
